## All our Serious Illness Cover plans include the following as standard:

### Dementia and FrailCare Cover

Unique to Vitality, provides later life protection after your Serious Illness Cover term ends.

It pays out based on the severity of condition, so you could receive more than one payout if your condition worsens.

### Waiting List Benefit

We will pay out for 24 conditions that require surgery once you've been included on an NHS waiting list for that procedure, meaning you receive your payout earlier. We pay out for more conditions when you've been added to an NHS waiting list than any other insurer\*.

If either you or your spouse experiences a complication during pregnancy, we'll pay you £5,000.
