

Introducing People to Genistar

Dear (First Name),

If your goal is to launch your Genistar business in the best possible way, your main focus should be recruiting your first three team members. This will really help kickstart your business!

To help you focus on building your team in the right way whilst following the Genistar system, we have provided the below links to some helpful resources:

PLANNING

Use our Plan.to.Recruit tool. This will take you through step by step, explaining what to do and say. A goal without a plan is just a wish!

BUILDING RAPPOR

Here at Genistar we use F.O.R.M and S.I.G.N as the best ways to build rapport with new people you meet. Click below to find out more about this communication approach.

George Bernard Shaw said, "The single biggest problem in communication is the illusion that it has taken place"

ASKING THE MAGIC QUESTION

Follow the link below to access a worksheet to help you when inviting potential team members to our Business Overview meetings.

Mastering these three tasks will set your team building in motion and will help you work towards getting your Team Leader promotion.

If you need any support on your journey, you can always check in with your training supervisor or your Executive Vice President with any questions.

Yours Sincerely,

Genistar Field Support Centre Team
