What Our Clients Have to Say

At Genistar we care deeply about our clients and do all that we can to make sure they have a good experience with us. We want every customer to be better off after their interaction with Genistar.

Our Financial Game Plan

We just completed our Financial Game Plan with [Genistar Rep], who took the time to explain in depth a range of financial principles that apply to our situation. I love the Rule of 72! Who knew how badly the big financial houses are taking advantage of their customers!

We are using the FGP as our guide into retirement, and love the way it shows how goals can be achieved.

Highly recommend anyone to take up this service.
