However, there is hope. In this newsletter you'll find several tips to help you deal with those rising costs. Genistar is here to help!

What's Happening at Genistar

Financial Freedom Course for Women

In March Genistar offered a special Financial Freedom course designed specifically for women, and particularly for women who are coming out of abusive relationships.

We launched our course on International Women's Day, and we partnered with the EDAC organisation in support of their Employer's Domestic Abuse Covenant (EDAC). In the UK, one in six women has experienced economic abuse by a current or former partner.

Economic abuse is a form of domestic abuse in which the victim's ability to acquire or use money is substantially and adversely affected. In recognition of the impact this can have on women who are coming out of abusive relationships, Genistar created a Financial Freedom course to help these women regain control of their financial wellbeing. It's designed to provide women with practical tools that they can take away and use with confidence.
