How Can We Help You in 2023?

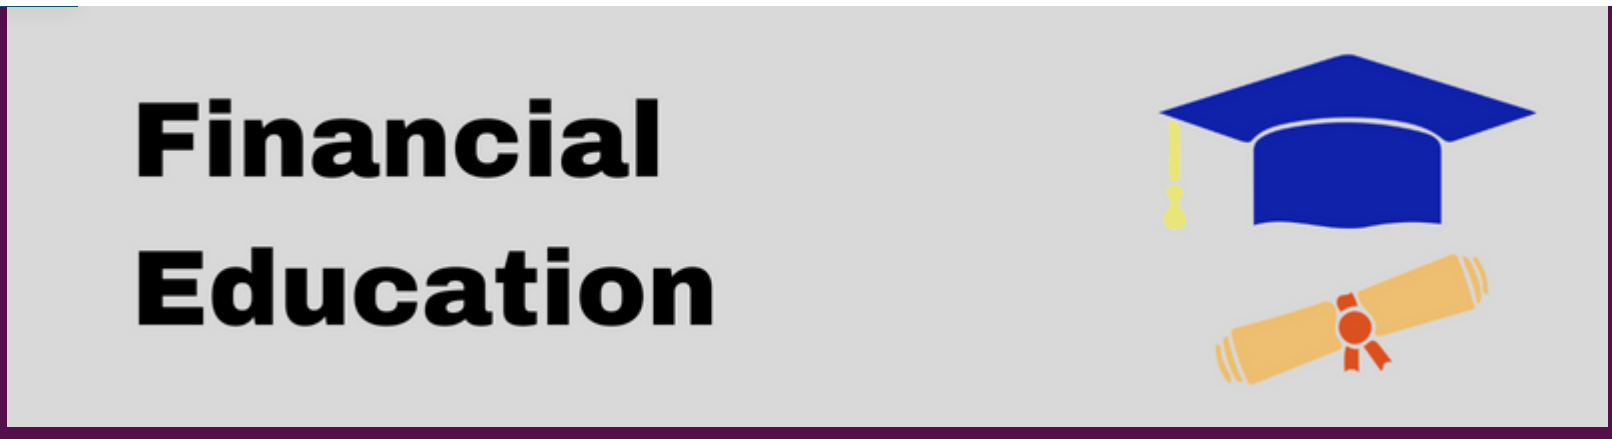

Whatever your financial goals in 2023, there's a good chance that Genistar can help you achieve them. Have a look at some of the ways we might be able to help you and your family this year.

Extra income

You can earn extra income with us by working part-time or full time. Our business model gives you the opportunity to be in business *for* yourself but not *by* yourself. Would a few hundred pounds per month make a difference to you?

Financial Education
Do you want to get a grip on your finances and understand how it all works? So much of what we need to know about how money works isn't taught in school. At Genistar we believe that, given the proper knowledge, the average person is capable of taking control of their finances and making informed decisions that are right for their family.

Financial Plan
Genistar's Financial Game Plan (FGP) acts as a road map to guide you along your journey to financial independence. It can help you lay out a simple plan to pay off your mortgage and debts quicker and teach you about compound interest and how to make it work for you. The FGP often shows people how to rearrange their finances in order to save money.

Personal Development
If you join Genistar, not only will you learn about financial principles, but you'll also have the opportunity to develop personally and gain leadership skills. Our representatives often say that Genistar is a personal development course with a great compensation package. You will learn how to keep a positive attitude, leadership skills and much more.

Financial Services Compensation Scheme Protection

The FSCS is the UK's compensation fund of last resort for customers of authorised Financial Services firms. With the standard Financial Services Compensation Scheme (FSCS) you are covered under the General Insurance Arranging claim category whereby the cover is 90% of the claim with no upper limits if we cannot meet our obligations.

Further information about compensation scheme arrangements is available from the FSCS.
